Event Description:

Five of Tokyo's outstanding young government officers will be studying Public Policy and Professional English at Georgetown University for three months (April-June), and two officers will remain for a full year in the Masters in Public Management program. The officials are very excited to meet Americans who have an interest in Japan. So, this event will be an excellent opportunity for JET Alums to welcome them to our beautiful city, while at the same time expanding social and professional networks.

Transportation:

The Mortara Center located just OUTSIDE the Georgetown University gates at the corner of 36th St and N St NW. For those taking public transportation to the event, the Dupont Circle - Georgetown - Rosslyn CIRCULATOR Bus stops on 34TH St and M St NW, about four blocks away from the Mortara Center. For those driving, parking is available on the street and should be readily available outside the Mortara Center at that hour. Be advised that street parking in that area is restricted to 2 hours.
